

## SOLON Corporation Ranks #1 Commercial EPC Solar Contractor in Arizona

### *Solar Power World* Top Contractors List

**Tucson, AZ, July 25, 2024:**

SOLON Corporation has once again been recognized by *Solar Power World* magazine as the **number one Commercial EPC Solar Contractor in Arizona**, with a total of over 5 MW installed in Arizona in 2023.

The Top Solar Contractors List is developed each year by industry magazine *Solar Power World* to honor the work of solar installers in the United States.

*“Solar projects in every market — residential to utility-scale — are getting bigger and oftentimes more complicated in scope, financing and permitting. That’s why it’s all the more impressive when so many top installation companies have banner years,”* said Kelly Pickerel, editor in chief of *Solar Power World*. *“The Top Solar Contractors List is a great gauge for how strong individual companies are in their local markets.”*

*“The Arizona and Southwest U.S. commercial solar market continues to expand as solar incentives have never been higher. More businesses, schools, and municipalities are taking advantage of the significant financial benefits of solar, and SOLON is well positioned to meet these expanding needs with our team of solar experts and in-house construction crews,”* said Brian Seibel, SOLON’s President. *“SOLON’s #1 ranking is a testament to our team’s commitment to delivering solar projects on time, on budget, and as expected, with uncompromising safety and quality.”*

Headquartered in Arizona, SOLON Corporation is a full-service commercial and utility-scale solar contractor delivering turnkey solar power projects and battery storage solutions with a streamlined approach from project development, design, and construction to financing and ongoing operation. SOLON has constructed over 170 MW of solar across the Southwestern United States.
